The 2016 regular legislative session is underway. The state of the economy is now seen as being in a recession because of the significant drop in oil prices. The state's budget situation was somewhat righted with the passage of several revenue generating actions that partially plugged the whole for the current fiscal year; however, at this writing it is estimated that there is still a shortfall of an estimated \$600 million dollars.

We are also happy to report that we now have a social worker serving in the Legislature. Representative Joseph Bouie, Jr., LCSW is from the New Orleans area. He is also chair of the Black Caucus. We are proud to know him and celebrate his social work background.

On April 12, 2016 we welcomed 50 students from four of our universities to Lobby Day. The students were able to watch testimony of Governor John Bel Edwards on the budget. They practiced speaking to legislators and reviewed some of the documents we had previously prepared on legislation.

We have an intensive legislative agenda that has kept us busy at the State Capitol.

HB 833 by Representative Walt Leger deals with student discipline including the creation of the Commission on Safe Supportive Discipline. At this writing, there will be some amendments to the bill. The issue of the extraordinary number of suspension from school is concerning to the profession and is seen as one of the contributing factors of "cradle to prison pipeline".

SB 324 by Senator J. P. Morrell deals with raising the age for consideration as a juvenile in the criminal justice system and creates the Louisiana Juvenile Jurisdiction Planning and Implementation Committee. Louisiana is one of only 9 states that treat 17 year olds as an adult for criminal offenses. We are seeking to join the rest of the majority of the states that has set the age at 18. This legislation is also part of the Governor's legislative agenda.

SB 254 by Senator J. P. Morrell provides that the Louisiana Equal Pay Act be applicable to men and private employers and requires government contractors to verify equal pay practices. This legislation is also part of the Governor's legislative agenda. This issue appears each year and we have worked with other stakeholders to move this initiative forward.

HB 719 by Representative Valerie Hodges provides relative to transportation of children to be admitted to a treatment facility under a physician's emergency commitment certificate. The legislation seeks to permit the parent, foster parent or agency representative to accompany a juvenile who have been PEC'd during the transport that may occur in a police car or emergency transport and can take several hours.

HCR by Representative Robert Billiot will be filed shortly that will extend the life of the Youth Aging Out of Foster Care Task Force. The work of the Task Force has been very informative thus far and we are hopeful that the product to be developed through the extension will provide a programmatic framework that could eventually be implemented in Louisiana.

We are currently tracking over 500 bills. If you want to see the list of these legislative instruments, go to our website, www.naswla.org. Click on the tab at the top of the page titled Legislation. We have sorted the bills under broad categories.

Proud to be a professional social worker

As NASW-LA ends its 2015-2016 fiscal year, it is important to reflect on the diversity of issues and activities that the Chapter Office remains involved in. We encourage you to join us to send a positive message to the Legislature and Congress about the importance of the vital programs for mental and behavioral health and to oppose legislation that would stop our progress. We enjoyed having so many members and students join us at Legislature Day this year, and hope you will lend your voice to advocacy efforts staying abreast of the issues that affect your community and those populations that we serve.

Please remember to vote for your 2016-2017 Board of Directors. This newsletter has information about how you may petition to be added to the ballot. Please exercise your right to make a difference in your professional organization by voting.

NASW-LA is seeking input from the membership

in regards as to what is happening in your community.

Send in articles that would be of interest to your fellow social workers around the state. Perhaps someone in the social work field was featured in the local news or was singled out for helping in the community.

Send that information to the Chapter Office at admin@naswla.org with contact information so that approval for re-printing the information can be obtained.

There are so many of us out there doing the little things each day to make this a better place to live and we need to tell their stories. By doing this we not only are acknowledging their service, but it could possibly help someone else in their community.

Let us hear from you.

Message from your Regional Chairs:

The regions have begun to make plans and arrangements for the upcoming years regional meetings.

Interested members that would like to help in their region, please contact your regional chair for further information.

Anyone interested in presenting at their own regional meeting or another region, please contact the respective regional chair.

Continue to check the NASW-LA website at www.naswla.org under Regional News to see the most updated information on your regions meetings. You will note that many of the regions do not hold regional meetings in the summer months.

Thank you to all of our regional chairs for their hard work and the support that they give all of us.

Dear Colleagues,

“Career Protection” is having a professional association with the resources to protect the practice of social work. Why is malpractice insurance not enough? Because your malpractice insurer will not do the following - but NASW at the national level and through the Louisiana Chapter will:

- ◆ Provide highly discounted quality Continuing Education programs that are presented at regional locations and an outstanding Annual Conference.
- ◆ Provide consultation on ethical, practice, and career issues.
- ◆ Deliver critical, up-to-date information on laws and regulations that affect your practice.
- ◆ Continue to be a vigilant voice for Social Work practice and the profession at the Louisiana State Capitol and in Washington, DC.
- ◆ Work with stakeholders that have similar focus on issues that are important to the social work profession.
- ◆ Serves as a key resource for the profession of social work on issues and practice concerns.

I know that for some of you there has been concern regarding professional liability insurance and at least one carrier has suggested that social workers only need their liability policy to have practice protection. I do not know if your decision on joining or renewing membership is based on this issue but if that is the case keep in mind that no matter where you get your malpractice coverage, no insurer will advocate for you at the Legislature or with the executive branch. Protecting your career is more than having liability coverage; it requires having an organization that is working to protect the social work profession.

Without a strong NASW, our profession will lose ground, our jobs and practices will slowly erode, taken over by “related degrees” because everyone thinks they can do social work. As a practicing social worker “Career Protection” comes with joining and maintaining your NASW membership.

When your NASW renewal comes due, remember you are not just renewing a membership – you are buying yourself “Career Protection” from the best available source! Your NASW membership assures a strong Louisiana Chapter and a strong Louisiana Chapter assures that we are here to support you.

Sincerely,

Carmen D. Weisner, LCSW, ACSW
Executive Director

We are in the last two (2) months of the 2015-2016 Program and many of the workshops are filling up. If you still need to obtain your CEUs prior to June 30, sign up now.

Thank you to everyone that has participated this past year and we look forward to next year. Thanks for your support.

Annual Conference 2016

Karen D. Smith, Program Director

Thanks to everyone that attended, presented, volunteered and worked the 2016 NASW-LA Annual Conference. All of the CEU Reporting Forms have been processed and mailed to the attendees that submitted theirs either at the conference or mailed them in. We show that approximately 60 have not submitted their forms for processing and their certificate. If you are one of those 60 please send yours in now so that we can process and get your certificate to you prior to June 30, 2016.

The staff have completed the Evaluations of all of the workshops and the Overall Conference. Overall the results show that the conference earned a 93% approval rating. Thank you to all of you that turned in your evaluation forms as this helps us plan for next year.

As we have done in the past we will address some of the most common comments from the evals. The one that got the most comments was in regards to the rooms being cold. We address this with the hotel each year and this coming year we will look at what the hotel set the thermostat on for 2015 and what they set it on for 2016 and come to a median. In 2015 we received onsite complaints that rooms were hot, especially the ballrooms and then this year all rooms were too cold. We will work on this to come to a happy median. Another issue was the parking cost at the parking lot next to the hotel. We were as surprised as the attendees to find out that they company that owns the lot, which is a private company had increase the charge for parking for our event. We do not know who talked to who and the price was reduced the next day, but we thank them and next year we will address this with the hotel and the private company ahead of time to see what can be worked out.

The third most frequent comment was in regards to the location of the conference. Two years in advance we send out a request for proposals to all of the hotels in the state that can accommodate a large group. In reviewing the responses, we take into consideration that the majority of the membership does not want to travel past Lafayette to attend the conference. Then some of the responses while they have meeting space for all of our workshops, they do not have onsite hotels to accommodate the attendees, thus many would have to travel to the conference site each day. In regards to New Orleans, we continue to work with the New Orleans hotels however, at this time there is not a hotel that has enough meeting rooms so that we can offer a conference where an attendee can get all of their CEU hours, nor do they want to reduce the price of the hotel rooms to what we are paying or lower than Baton Rouge as March is a high tourist time for them. Also, the parking in New Orleans is \$30.00 to \$45.00 a day. Many of your comments were in regards to the Marriott Hotel in Baton Rouge and why we don't change the location back to there. Well, first of all the Marriott has not submitted a proposal for a number of years, as they hotel had changes in management and needed some work. The Marriott has expressed an interest in us coming back to them and will respond for 2018 when the Request for Proposal goes out. They are upgrading the hotel throughout, however the 2nd Floor meeting rooms will continue to be two-tiered and the parking lot that we were able to use in the past has been sold and the new owner will be building another hotel on that lot. As we do each year, once the Request for Proposals are received and we analysis them against each other, we will submit this information to the Annual Conference committee and they will make a recommendation to the board and then the board will vote on which venue is best for NASW-LA.

We thank you all for your comments and suggestions and as we begin planning for 2017. We work very hard to incorporate all of the comments and suggestions into our planning and the overall conference and are very appreciative of the support that you all give us by attending and commenting. Thank you so much and we will see you in 2017 if not before. Take care.

LABSWE Ruling On Diagnosing A Child Without Seeing Them

LOUISIANA STATE BOARD *of* SOCIAL WORK EXAMINERS

APR 25 REC'D

April 19, 2016

Janice K. Zube, DOE Liason to CSOC
Department of Health & Hospitals
P. O. Box 629
Baton Rouge, LA 70821

Dear Ms. Zube:

The Louisiana State Board of Social Work Examiners recently received an inquiry relative to school social workers diagnosing a child without ever seeing the child. The inquirer indicated that the Department of Education is using a letter written by the board dated April 10, 2012, in which we indicate that there are no ethical concerns with using behavioral health service codes and rates as set by Medicaid when billing Medicaid for services, to direct social workers to use information from the multidisciplinary evaluation and discussion with PA members to select the most appropriate diagnosis.

The purpose of this letter is to advise that it is unethical for a social worker to diagnosis a student without seeing the child. Board members asked that I provide you with Rule 111(G)(2), (3).

2. A social worker shall not represent by signature or any other means the extent of his/her participation in the provision of services (such as psychosocial evaluation, assessment, diagnosis, treatment plan, progress note or report) unless the social worker has formulated the psychosocial evaluation, assessment, diagnosis, treatment plan, progress note or report through direct contact with the client who provided the information included in the record.

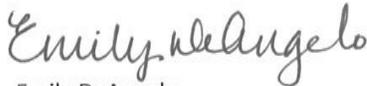

3. A social worker shall not conspire or collude with another person or entity to misrepresent by signature or any other means the extent of his/her participation in the social worker's provision of services.

Leading Mental Health Organizations Urge an End to Harmful 'Religious Freedom' Laws

April 20, 2016 – The nation's leading mental health professional organizations are expressing dismay over the spate of recent bills and laws that would allow for individuals and businesses to deny services, employment and housing to LGBT people under the guise of religious freedom. Other states are proposing and enacting laws that would require transgender people to use public restrooms based on their sex assigned at birth. Also of serious concern is a bill recently passed by the Tennessee General Assembly that would allow mental health professionals to deny services to LGBT people based on a counselor's religious beliefs.

These bills and laws run counter to the adopted policies of our organizations, which essentially state that we do not condone discrimination on the basis of race, religion, color, national origin, gender, sexual orientation, age, socioeconomic status, or physical or emotional disability.

Discrimination Negatively Affects Mental Health

Studies confirm that discrimination, bias and prejudice have negative consequences on one's mental health and overall well-being. Specifically, research has linked anti-LGBT discrimination to increased risk of depression, anxiety and substance use. And studies show that lesbian, gay and bisexual youth are up to six times more likely to attempt suicide while 41 percent of transgender people report having made a suicide attempt.

It is important to note that several studies also show marked increases in overall physical and mental health when governments enact laws and policies, such as the executive orders recently signed by Pennsylvania Gov. Tom Wolf that strengthen equality for LGBT people. Community and family acceptance has also been shown to contribute significantly to fewer occurrences of depression, anxiety and suicidality for LGBT youth.

Our organizations have strong ongoing commitments to promote the health and well-being of LGBT adults and youth; to eliminate violence against LGBT people; and to support full equality in areas such as marriage, employment, housing, public accommodation, military service, licensing, parenting, adoptions and access to legal benefits.

We urge states to reject these harmful and discriminatory bills and to repeal such laws that have already passed.

EAPrefer™

Beginning in January, 2012 NASW will launch EAPrefer™ in Louisiana. EAPrefer is an exciting new benefit – solely for NASW members - that puts your expertise and experience as social workers to use as Employee Assistance Professionals.

By participating in EAPrefer, Louisiana NASW members can provide much-needed services to the community through the workplace, helping employees with issues ranging from substance abuse to childcare. Members have the opportunity to receive referrals from EAP network providers through a program that allows them to easily match qualified social workers with clients in need.

“I think this is a terrific new benefit for our members”, said Carmen Weisner, NASW-LA Executive Director. “Participating in EAPrefer can provide an excellent opportunity for our members to build their private practice or supplement their existing income, with a program tailored to fit their schedule.”

EAPrefer has made it easy for members to participate by prescreening and negotiating with select EAP network providers in Louisiana to provide fair compensation. EAPrefer has also reduced much of the paperwork and administrative burden by creating an easy system for members to sign up and begin receiving referrals.

To learn more about EAPrefer, requirements for participation, and to sign up please visit www.eaprefer.org or call 866-307-2325 to speak with a representative.

Whipping Away Stress with Positive Psychology

Presented by Karlyn R. LeBlanc, LMSW

8:30 am – 4:00 pm

Friday, June 10, 2016

6 Core Continuing Education Hours (NASW APPROVED)

Woman's Hospital

100 Woman's Way Conference Room 2

Baton Rouge, LA 70817

In this hands-on, highly interactive six-hour workshop, professionals will learn how to identify, define, and eliminate stress, utilizing concepts from positive psychology. For years, psychology has focused on what is wrong with humans, but in this workshop we will discover what is right. Could focusing on positive aspects eliminate stress as a whole? In this interactive class, professionals will receive education, tools, and techniques to aid significant change in themselves and their patients as it correlates to stress reduction and improved overall health.

Presenter: Karlyn LeBlanc, LMSW, obtained her Bachelor's degree from Louisiana State University and her Masters from Tulane School of Social Work. Her career began 17 years ago, counseling and assessing for depression, anxiety, grief therapy, behavioral problems, anger management, chemical dependency, mental disorders, and other psychosocial issues. LeBlanc also supervised numerous licensed social workers, facilitated support groups, and coordinated local community outreach fundraisers and events for over a decade. Currently, Karlyn LeBlanc is an entrepreneur, motivational & professional development speaker, and bestselling author who speaks regularly at various conferences and events around the country.

Make a note!

On Monday, July 11, the Louisiana Department of Children and Family Services will launch a toll-free number

855-4LA-KIDS (855-452-5437)

for anyone in the state to call and report child abuse or neglect.

One number, 24 hours a day, 7 days a week to speak to a trained child welfare worker to report possible abuse and neglect.

By launching a centralized intake system, workers will be able to provide a more consistent screening and decision making process of child abuse and neglect reports statewide. This will allow local child protection investigation workers with DCFS more time in the field completing investigations.

This new number will replace all previous local DCFS numbers used in the past to report child abuse to the Department.
